COGNAC GRAND CHAMPAGNE VIGNES FRANCAISES RESERVE DU FONDATEUR '1860' 40° 70 CL ABEL TESSERON

A true liquid legend, bottled in an edition of extreme rarity to celebrate Maison Tesson's 150th anniversary in 2002. This Réserve du Fondateur was born of a meticulous process of selection and tasting drawn directly from the historic bonbonnes (the glass demijohns kept in the Maison's 12th-century crypt), where the family's most ancestral eaux-de-vie rest. At the beating heart of this blend is the 1860 vintage. As this spirit dates back to a time when modern certification records did not exist, the vintage cannot be officially stated on the label under the strict parameters of the BNIC (Bureau National Interprofessionnel du Cognac). Nevertheless, from an organoleptic standpoint there is no doubt about its extraordinary, centuries-spanning provenance.

RHUM SAINT JAMES 1941 47° 100 CL

A historic spirit of exceptional collectible value, produced in Martinique during the height of the Second World War. Distilled from pure sugarcane juice and bottled in the famed, iconic square-based bottle, this vintage agricole rum is an absolute rarity due to the severe export restrictions and scarcity of raw materials during the war years. On the sensory profile it reveals a majestic, concentrated character, marked by a deep bouquet of toasted dried fruit, walnut hull, noble wood, dark spices, and evolved notes of tobacco and bitter cocoa, well supported by the vigorous strength of 47% ABV. The very few surviving examples, which have reached the present day intact, have only rarely appeared at the most exclusive international auctions.
