*A true liquid legend, released in an exceptionally rare edition to commemorate the 150th anniversary of Maison Tesson in 2002. This Réserve du Fondateur is the result of a meticulous selection and tasting process conducted directly from the house's historic bonbonnes—the glass demijohns preserved in the Maison's 12th-century crypt, where the family's oldest and most precious eaux-de-vie continue to mature. At the heart of this extraordinary blend lies the legendary 1860 vintage. As the spirit dates from an era before modern certification records existed, the vintage cannot be officially stated on the label under the strict regulations of the Bureau National Interprofessionnel du Cognac (BNIC). Nevertheless, its organoleptic character leaves little doubt as to its exceptional age and remarkable history, making it one of the most extraordinary and historically significant Cognacs ever created.*
